

EHR Operations Dashboard for NextGen™ Ambulatory EHR

Monitor EHR usage, check compliance to workflows and identify open items Easier than ever before.

Everyday your clinic uses the NextGen EHR system. We've made it easier for you to make sure that the system is being used properly, find things that have been overlooked, make sure visits are complete and help you meet your regulatory requirements. This tool can also help you identify areas where additional training for your clinical staff is needed.

We've gathered everything together for you so you can focus on performance and patient care, rather than finding or re-creating "that report you used before". Once you see the items that need to be worked on you can drill down and work on them right from the dashboard. You can also print out the scorecard which shows statistics for each provider. Post the scorecard in your office to encourage some fun competition or to help focus on certain workflow goals.

We are making your system Smarter, Faster and Easier to use!

The screenshot displays the EHR Operations Dashboard interface. At the top, it shows the eMedApps logo, the title "EHR Operations Dashboard", and the user name "Shawna Wilburn". Below the title, it states "Data is refreshed every morning at 2:00 AM".

The dashboard includes a search and filter section with fields for "From Date" (12/23/2018), "To Date" (09/30/2019), "Location", "Provider", and "Filters". There are buttons for "Add Update", "Clear All", and "Load". A checkbox for "User Provider Location Link" is also present.

On the left side, there is a list of metrics with counts and status icons (green checkmark, red X, or yellow warning triangle):

- Notes Not Generated: 115 (red X)
- Incomplete Calls: 0 (green checkmark)
- PAQ Pending Items: 291 (red X)
- Clinical Message Manager: 2 (green checkmark)
- Documents Not Signed: 17 (green checkmark)
- Incomplete Orders: 238 (red X)
- Behavioral Health Sign Off: 0 (green checkmark)
- Incomplete PTA: 5 (green checkmark)
- Charges Not Submitted: 22 (yellow warning triangle)
- Care Guidelines Due: 358 (red X)

A "Print Report" button is located at the bottom of this list.

The main content area is titled "View All (238) Incomplete Orders". It features a table with the following data:

Provider Name	Count
Abbott MD, Matthew	1
Anderson MD, Barry	128
Test MD, CareBridge	14
Watson MD, Steve	95

There is a "Print Report" button to the right of this table.

Below the provider summary, there is a "Filter By:" dropdown menu set to "All", with "Cancel" and "Print Report" buttons.

The bottom section of the dashboard shows a detailed table of orders:
